

HEAR OF CAMPAIGN OF FREE SUGARITES

**Senate Committee Hears
Story from Advocates
of Free Sugar**

LOWREY TESTIFIES

**Sales Agent Tells of Attempts
to Accelerate Public Opin-
ion for Free Sugar**

SPEAKS FRANKLY OF EFFORTS

WASHINGTON, June 19.—The senate committee in pursuit of the "lobby" turned over a new leaf in the story of sugar to day and heard the debate of the nation wide and long continued campaign the advocates of free sugar made to remove the duty on that article. Frank C. Lowrey, sales agent of the Federal Sugar Refining company, secretary and organizer of the "committee" of wholesale grocers wrote the free sugar chapter for the committee while Senator Cummins acted as guide through the smoke of the battle of arguments and Senators Nelson and Walsh lent assistance when the issues seemed to become obscure.

Tonight the committee adjourned subject to the call of the chair. The three Democratic members will be required to attend the Democratic caucus on the tariff bill which begins tomorrow and chairman Overman did not know when the hearings would be resumed. Robert S. Lovett, chairman of the Union Pacific board of directors had not been summoned to appear tonight and his subpoena may not be served until the inquiry is taken up again.

Was On Stand Four Hours.

Lowrey's examination featured the closing session of the committee. He told of his attempts to accelerate public opinion and to persuade congressmen and senators and spoke frankly of his efforts in the national campaign of last fall. He said he furnished most of the sugar information which appeared in the Democratic campaign text book; that he prepared data on free sugar for a Democratic campaign document which the present secretary of the navy, Mr. Daniels said would get circulation of a million in a pamphlet form and that he had wired urging every member of the resolutions committee at the Baltimore convention to put a free sugar plank in the Democrat platform. The witness was on the stand for four hours and when he left he promised to produce any correspondence in his files relating to the organization of the grocers committee or his free sugar campaign. Many of the circulars sent out by him on the letter head of that organization were read in to the record by Secretary Cummins. Lowrey testified that he had conducted his fight solely for the Federal Company and that other refiners had not figured in it. He thought the expenses had amounted to about \$25,000 in four years, exclusive of his salary and commission as sales agent, amounting to about \$68,000 in that period. He got nothing for his tariff work he said.

After many questions by Senator Cummins the witness agreed that although the sugar refiners did not seem to favor free sugar they would consent only in a less degree than the Federal Co. to a reduction in duty. Lowrey said, however, that an official of the American Sugar Refining company, the so-called "trust," had told him that free sugar "would put us out of business."

Warren Last Witness.

Charles B. Warren, president and general counsel of the Michigan Sugar company was the last witness tonight. Mr. Warren identified letters read into the record as part of the correspondence of C. C. Hamlin, the beet sugar man. Questioned by Senator Walsh about one letter regarding the purchase of bonds of the Chicago InterOcean Warren said that neither he nor the Michigan company had purchased such bonds.

At the morning session Melville E. Stone, general manager of The Associated Press took the stand at his own request and put into the record his correspondence with C. C. Hamlin of Colorado Springs, Colo., concerning publicity which the beet sugar interests hoped to get through The Associated Press.

BEGIN GENERAL BATTLE.

Douglas, Ariz., June 19.—Five thousand insurgents and 3,000 federales today began a general engagement at Ortiz, Sonora. It is believed to be the final struggle between General Ojeda's federal column advancing north of the port of Guaymas and the constitutionalists defending Hermosillo, the state capital. The constitutionalist committee was notified of the battles beginning by Governor Pesquiere.

\$100,000 FIRE DAMAGE.

Naples, June 19.—Fire which broke out in the arsenal early to day did amaze estimate at \$100,000. Troops from the garrison and sailors from warships in the harbor assisted the firemen in quenching the flames which threatened at one time to sweep to royal palace. There were ten casualties among the rescuing forces.

PERKINS TESTIFIES AT I. H. CO. HEARING

**TAKES WITNESS STAND FOR DEFENSE
IN ANTI-TRUST HEARING**

**Declares He Talked With McCormick
and Morgan About Companies
and That His Plans Were Used in
Formation of International Com-
pany.**

Chicago, June 19.—When George W. Perkins, former partner of the late J. P. Morgan, took the witness stand for the defense in the International Harvester company anti-trust hearing he was warned by Attorney Grosvenor, representing the government that conditions under which he testified did not give him immunity from further prosecution.

"You have been subpoenaed by Edgar A. Baneroff of the International Harvester company," Attorney Grosvenor said. "Both are defendants in the suit. Out of 120 witnesses you are the first to be subpoenaed. In view of this state of affairs I wish to inform you that your testimony here does not give you immunity from any further prosecution."

"In reply I will say that I was very much surprised that I was not subpoenaed by the government of its own volition," said Mr. Perkins. "But you recognize that your testimony here is of your own volition and entitles you to no immunity" persisted the government lawyer.

"I recognize that the government has been very discourteous to me thus far," the witness responded warmly and Attorney McHugh of the defense began direct examination.

In his testimony Mr. Perkins told of the advance agricultural methods in this country and of his viewing the European field with the view of introducing American harvesting machinery. He said he talked with Cyrus McCormick and J. P. Morgan about combining the harvester companies and his plans were used in the formation of the International Harvester company. The organization was on a cash basis; there was no watered stock and no syndicate.

Mr. Perkins' cross-examination was under way when court adjourned.

MEDICAL ASSOCIATION ELECTS OFFICERS

**Medical Profession Is Blamed For
Poor Results Against Tubercu-
losis.**

Minneapolis, June 19.—The sixty fourth annual convention of the American Medical association to day elected the following officers:

President—Victor C. Vaughn, Ann Arbor, Mich., dean of the medical school of the University of Michigan.

Vice-presidents—Walter Conway, Atlantic City, N. Y.; Frank C. Todd, Minneapolis; Lillian South, Bowling Green, Ky.; S. G. Kahn, Salt Lake City, Utah.

Secretary—Alexander Craig, Chicago.

Treasurer—William Allen Pusey, Chicago.

Charges that the medical profession is to blame for the poor results against tuberculosis caused an argument in the section on preventive medicine and public health. Mary E. Layman of Highland, N. C., said people are dying, not from tuberculosis but from blunders, mistakes and ignorance and that the medical profession is indifferent to the education which the public needs.

"Tuberculosis is a problem which demands education" Dr. Lampham said. "The people must be taught not to be afraid to go to a doctor but to make no early diagnosis. The wait for physical signs which would indicate to any fool that the patient has tuberculosis. The problem demands the raising of the standard of the medical professions. Tuberculosis is not all caused by transmission. It is a universal infection."

"I would be a healthy tramp than a sick king," Dr. G. Sumner of Iowa said. "In fact, a tramp has the best chance to be healthy. The ragged clothing he wears permits his skin to breathe. The robes of a king do not."

"To fight tuberculosis we must go back three generations. We must change the habits of the people. Ten per cent of deaths are in children less than one year of age. Unless we change the habits of the parents more children will die every year."

Atlantic City was chosen for the next convention of the association.

Board of trustees, for five years—W. Grant, Denver; Frank K. Lutz, St. Paul; Oscar Dowling, Baton Rouge, La.

FEW ATTEND MASS MEETING

Tokio, June 19.—An anti-American mass meeting held here tonight was attended by not more than 400 persons. These were chief working men, idlers and agitators. The speeches were of a comparatively mild order.

NOT RESTRICTING LAW.

Washington, June 19.—The Webb law forbidding interstate shipment of liquor into dry territory is not a restricting law.

Attorney General McReynolds so declared in instruction sent to the United States district attorneys throughout the country.

INSANE MAN EMULATES EMILY DAVISON'S FEAT

**RECEIVES FRACTURED SKULL AS
RESULT OF HIS TEMERITY**

**Harold Hewitt Attempts to Stop
August Belmont's Colt Tracery on
Home Stretch of Race For Ascot
Gold Cup.**

ASCOT, England, June 19.—The race for the Ascot gold cup was marred today by an incident similar to that which brought the king's horse down in the derby when Emily Wilding Davison sought and found death in the cause of the militant suffragettes. In this case it was a man, Harold Hewitt, who emulated Miss Davison's feat.

According to the police, Hewitt was not connected with the suffragists but was of unsound mind. He received the same penalty for his temerity as did Miss Davison—a fracture at the base of the skull.

At a late hour tonight Hewitt was lying unconscious in a hospital undergoing an operation in the forlorn hope that his life might be saved.

Coming down the stretch August Belmont's colt, Tracery, a son of Rockland, shot into the lead. Suddenly a man jumped from the rails waving a red flag with one hand and with the other pointing a revolver at Jockey Walley, who had the mount on Tracery.

"Pull up! Pull up! Or I'll shoot you," the man shouted.

Walley did his best to divert the horse's course but failed. Tracery, striking the man full in the chest with his shoulder, sent him flying several yards and came down on his own nose.

Walley shot clear out of the saddle and rolled to safety under the rails.

Meantime the other horses came thundering on, one of them giving the author of all the trouble a terrific kick on the head in passing. Save for some bruises Walley was uninjured. Hewitt was about 50 years old. According to the police he is a cultured man, having been educated at Harrow and Cambridge and is possessed of independent means.

The Ascot cup was won by the 5-year-old Prince Palatin, owned by T. Pilkington. The race was at two and a half miles, with 2,500 sovereigns added.

LABOR LEADERS ARE GRANTED AN APPEAL TO SUPREME COURT

**Appeal of Labor Officials Convicted
of Contempt of Court Will Be
Heard After October.**

Washington, June 19.—Chief Justice White to day granted an appeal to the supreme court for Samuel Gompers, John Mitchell and Frank Morrison, labor leaders, convicted of contempt of court in the noted Buck Stove & Range case. The appeal will be heard after October. The three officials were held in contempt by the supreme court of the district of Columbia for violating an injunction against boycotting the St. Louis company. Upon complaint by the company the court sentenced Gompers to a year in jail, Mitchell to nine months and Morrison to six months. The supreme court of the United States set aside all sentences because the contempt proceedings were brought in the name of the stove company. Thereupon the district supreme court appointed a committee to bring contempt proceedings in the name of the court. This was done and later the same sentences were imposed as in the first instance. The court of appeals of the district recently reduced these sentences to one month's imprisonment for Gompers and \$500 fines for the other defendants.

MOB MAKES SHORT WORK OF NEGRO WHO ASSAULTED CHILD

**Body of Man Charged With Crime Is
Riddled With Bullets and Hung to
Telephone Pole.**

Hot Springs, Ark., June 19.—Will Norman, negro, charged with an assault on Garland Huff, a 12 year old white girl, was captured in the neighborhood late tonight and thirty minutes later was seized by a mob of several thousand citizens and hanged to a telephone pole on a prominent business corner of the city. The girl died tonight without regaining consciousness. Norman's body was stripped of its clothing and hung by hundreds of bullets and left hanging for more than an hour, after which it was cut down and burned.

RACE DRIVER KILLED

Everux, France, June 19.—The Italian automobilist, Zaccarelli, was killed to day and his mechanician Panelli was mortally wounded while they were trying a machine for the French Auto Club grand prix contest in July.

Zaccarelli was speeding at a hundred miles an hour when a horse and car emerged from a sunken road. The automobile drove right through the obstruction but was overturned pinning the occupants beneath.

SCHROEDER ACQUITTED.

Hornell, N. Y., June 19.—Engineer William H. Schroeder of the Delaware, Lackawanna and Western railroad was acquitted tonight of a charge of manslaughter in connection with the wreck at Corning last July when forty passengers were killed.

DISAPPROVE TATICS OF ENGLISH SISTERS

**Members of Suffrage Lob-
by Deny Connection
With Articles Printed**

SAY DUNNE RESPONSIBLE

**Civic Federation Holds Gover-
nor Responsible for Defeat
of Revenue Amendment**

"DRYS" WIN SIGNAL VICTORY

SPRINGFIELD, Ill., June 19.—Members of the woman suffrage lobby who piloted the suffrage bill to victory in the general assembly tonight issued a statement denying that they had anything to do with the articles printed in to day's papers respecting a reported plot to assault Speaker McKinley in the event of his refusal to call their bill.

In denying all connections with the articles printed to day the lobby members take occasion to express their disapproval of the militant sisters in England and declare they are opposed to any such propaganda in this country.

In a statement made public to day by Secretary Douglas Southard of the Civic Federation of Chicago it holds Governor Dunne responsible for the defeat of the revenue amendment to the constitution.

The members who refused to support this measure, the statement says, in defiance of the wish expressed by the electors "a real move without exception men closely affiliated with Governor Dunne and accustomed to be guided by his views of legislative matters."

Governor's Appointments.

Governor Dunne sent to the senate the following appointments:

James Lebowitz, Chicago, state fire vice C. J. Doyle, resigned.

A. B. Culhane, Rockford, Winnebago county, civil service commission, vice J. Stanley Browne, term expired.

D. J. Normoyle, Chicago, to be a member of the state board of arbitration vice Charles Pies, resigned.

W. O. Edwards, Danville, to be public administrator of Vermilion county, vice H. Ernest Hutton.

Under the rules appointments went over until tomorrow. The senate took the primary election bills on second reading, cut out the rotary feature on all state offices, changed the rotation on state officers from precincts to senatorial districts, made some minor changes and sent both bills to third reading, ready for passage tomorrow.

The "residence district" anti-saloons bill was amended by the senate and therefore goes back to the house for concurrence in the senate amendment which provides that nothing in the act shall be construed to forbid or prevent the sale or delivery of intoxicating liquor in quantities of one gallon or more to any resident of an anti-saloons residence district for his own personal use or the use of his family.

DRYS FORCES WIN VICTORY.

The "drys" won a signal victory when the senate passed a measure restricting saloons in cities which now goes to Governor Dunne for signature or veto. It prohibits saloons within four miles of the University of Illinois and as that institution is practically midway between Urbana and Champaign, saloons in both cities are threatened. The house members were tumultuous over the street car bill regulating the hours of employment of the men. With the house in an uproar acting Speaker McLaughlin ordered the bill enrolled and engrossed for third reading. The trouble continued when the women's ten hour law was called for second reading. It was amended to limit total employment in one week to 54 hours and ordered to third reading.

Dennis Enright, a member of the executive committee of the Chicago Federation of Labor was put off the floor of the house this afternoon when Representative Mitchell raised the point that the rules were not being enforced. Enright objected to leaving until William H. Sexton, the corporation counsel of the city of Chicago also left. Enright was in a bad temper and to prevent trouble Sexton left.

DISCUSS QUESTION OF THIRD RECEIVER

New York, June 19.—B. L. Winchell and Thomas H. West, receivers of the St. Louis & San Francisco railway returned to St. Louis today after a stay of two days here during which they conferred with representatives of Stoeber & Co., Prince Poniatowski of Paris and B. F. Yoakum, chairman of the road. The receivers declined to discuss the outcome of their visit but it was understood that the question of a third receiver to represent the interest of the foreign bond holders is still in abeyance. Concerning the reported retirement of Mr. Yoakum, it was explained that his duties as chairman of the Frisco system practically ceased automatically with the appointment of the receivers. It is expected that further economies in the management of the road will be announced by the receivers upon their return to St. Louis.

WITNESSES EXAMINED IN PELKEY TRIAL

**M'CARNEY DECLARES M'CARTY WAS
IN EXCELLENT CONDITION**

**Physician Insists Fighter's Death
Was Caused by a Blow to the Jaw
—Referee and Newspaperman Al-
so Examined.**

Calgary, Alberta, June 19.—The trial of Arthur Pelkey, charged with causing the death of Luther McCarty in the prize-ring here May 24, moved rapidly today and two hours after the opening a jury had been selected. When adjournment was taken tonight four witnesses had been examined. The hearing will be resumed tomorrow.

William McCarney, McCarty's manager, testified in detail regarding the fatal contest and Dr. H. H. Mosher, who conducted the autopsy and decided death was caused by a blow to the jaw, gave extensive medical evidence. Referee Ed W. Smith of Chicago and Joseph Price, a local newspaperman, also were examined.

McCarty was in excellent condition when he entered the ring, according to McCarney's testimony. McCarty did not believe the blow to McCarty's jaw was hard enough to cause death. The testimony of Dr. Mosher remained unbroken under more than two hours of rapid fire questioning by attorneys for the defense. He maintained that in his opinion death was due to a slight dislocation of the fourth cervical vertebrae which resulted in a hemorrhage, he said, caused a clot of blood in the spinal canal and a pressure on the brain.

COMMERCIAL ENVOYS FROM JAPAN SPEND BUSY DAY

**Give President and Secretary of
State the General Feeling in Japan
Over Passage of Land Act.**

Washington, June 19.—A call upon President Wilson, a luncheon conference with Secretary Bryan and a visit to the headquarters of the chamber of commerce of the United States made it a busy day for four commercial envoys from Japan here on a mission of peace. The visit to the white house, though brief, was long enough for Dr. Soyeda, who heads the delegation to unofficially give the president his views of the California alien land situation. At the luncheon with Secretary Bryan the visitors are said to have talked freely regarding the California difficulty and to have given their host a comprehensive resume of their view of conditions in the west and also the general feeling in Japan over the passage of the land act.

NATIONAL PRESS ASSOCIATION CLOSES ANNUAL CONVENTION

**J. C. Oswald of New York Is Elected
President—Place of Next Meeting
Undecided.**

Colorado Springs, Colo., June 19.—The National Press Association of America brought its twenty-eighth annual convention to a close today with the election of officers. The selection of a meeting place was left to the national council. The officers elected follow:

President—J. Clyde Oswald, editor, American printer, New York.

Vice-president—George E. Hoarmer, editor, Morgan County Herald, Fort Morgan, Colo.

Secretary—George Schlosser, editor Daily Press, Sioux Falls, S. D.

Treasurer—V. H. Hodges, editor Herald Dispatch, Sleepy-eye, Minn.

Executive committee—W. E. Collins, New York; S. W. Roundtree, Texas; W. C. Hyattling, Michigan; Frank Roberson, Illinois; F. O. Newcomb, Nebraska; E. H. Tomlinson, New Jersey.

CARLIN ELECTED PRESIDENT

Cedar Rapids, Iowa, June 19.—George M. Carlin, of Sioux city, was elected state president of the Fraternal Order of Eagles by the delegates to the state convention in final session here this afternoon. A feature of the convention has been the reduction of the per capita tax on members from 25 cents to twelve cents a change made upon recommendation of the financial committee.

The convention adjourned to meet at Keokuk in 1914.

MARCONI AFFAIR CLOSED.

London, June 19.—By a vote of 246 to 268 the house of commons tonight officially closed the Marconi affair by adopting a resolution acquitting the attorney general and chancellor of the exchequer of wrongdoing in the purchasing of shares of the wireless company. In closing the debate Sir Edward Grey said the house should do everything in its power to relieve the ministers of the injury done them by the charges of corruption bandied about the country.

BRAZILIAN MINISTER GUEST OF HONOR.

Boston, June 19.—A journey to Cambridge, where he received the honorary degree of doctor of laws from Harvard university, exchanges of courtesy calls with state and city heads and attendance tonight at a banquet given him by the Boston Chamber of Commerce directors, were the features of the day by Dr. Lauro Muller, the Brazilian minister of foreign affairs, who is visiting in this country on a special mission of courtesy from his government.

ST. LOUIS STRIKERS CLASH WITH POLICE

**DESTRUCTION OF TELEPHONE PROP-
ERTY CONTINUES**

**Crowd of Striking Telephone Girls
and Sympathizers Attempt to Pre-
vent Strike Breakers From Enter-
ing Taxicabs.**

ST. LOUIS, Mo., June 19.—Three riot calls were a few of tonight's events in the local strike of the local Bell Telephone company's operators. Destruction of telephone property continued and the company has offered rewards of \$250 for the arrest of each of the vandals.

The first personal violence occurred about midnight. A crowd of 200 striking telephone girls and sympathizers attempted to prevent the strike-breakers from entering taxicabs after leaving the exchange. Eight policemen and the company's guards "rushed" the crowd. One of the strikers was knocked down and trampled upon. Later a riot came from the home of another operator. A crowd of men and boys called her "scab." A policeman was detailed there for the remainder of the night.

Another disturbance occurred at the home of an East St. Louis wire chief.

SECRETARY M'ADDO ASKS FOR \$8,000,000 APPROPRIATION

**Government Departments Are in
Need of Funds—Ask Money For
Deficiency and Emergency.**

Washington, June 19.—Government departments urgently need \$8,000,000 and today Secretary McAdoo asked congress to appropriate for the deficiency and emergency. The interstate commerce commission needs \$1,500,000 for the physical valuation of railroads \$1,000,000 must be had to repay Mississippi river flood relief expenses of the war and navy departments; \$250,000 to begin the Arlington National Cemetery amphitheatre; \$100,000 for the new industrial relations committee; \$162,000 for the new department of labor; \$8,000 for the Atlantic patrol; \$100,000 for the production cost investigation of the bureau of domestic and foreign commerce; \$1,000,000 for replacing stores destroyed in the Benicia arsenal, California; \$500,000 for various public building projects, and \$49,000 for the civil service commission examination and all fourth class postmasters.

HOWARD CONFIDENT OF WINNING ANNUAL REGATTA

**Crimson Wins First Choice For
Position and Selected Best Course.**

New London, Conn., June 19.—With the Harvard clan confident and the Yale adherents dubious, the night before the annual regatta lacked many of the features which have heretofore made these gatherings famous. The drizzle which turned to a heavy rain early in the evening took the edge off the gayety and left the crowds cramped and restless. When the crews tossed for positions today Harvard won first choice in each event and selected the west course for all three races. To complete the day the Harvard freshman four and the second varsity four each succeeded in defeating its Yale rival in impressive fashion. The Harvard freshman quartet won the first mile race by three lengths, easing up in five minutes and thirty seconds, with the blue crew finished twelve seconds later in a badly shaken condition.

When the varsity seconds met the result was an even more impressive Harvard victory. Jumping into the lead at the start the Crimson led easily for the full mile winning by five lengths in five minutes 27 seconds, while Yale's four crossed the line in five minutes and 47 seconds.

STRIKERS AND NON-UNION MEN ENGAGE IN PITCH BATTLE

**Fight Takes Place in Busiest Part
of Down Town District in Spring-
field—Union Carpenter Stabbed
to Death.**

Springfield, Ill., June 19.—In the busiest part of the down town district tonight strikers and non-union men engaged in a pitched battle. Albert Wilson of Springfield, a union carpenter was stabbed to death, one knife wound penetrating the heart. Will Pagan, also a union carpenter was stabbed in the breast but not seriously. Oliver Frank, Springfield, and T. D. Crane and John Nelson, non-union men from St. Louis, were arrested and are held for the death of Wilson.

SEND NOTE TO SERBIA.

London, June 19.—Bulgaria yesterday delivered a voluminous note to the Serbian government practically denying the latter's request for a revision of the ante-bellum treaty and the possibility of a peaceful settlement of the Balkan trouble is receding. Apparently Bulgaria will only accept Russian arbitration within the limits of this treaty, while Serbia is desirous of having all the disputed questions referred to Russia. Thus a new deadlock has arisen and the projected meeting of the four premiers at St. Petersburg gives no sign of materializing.

WEATHER INDICATIONS AND TEMPERATURES

Washington, June 19.—For Illinois—Fair and continued warm in south, increased cloudiness probably followed by local thunderstorms in north portion Friday; Saturday thunder showers and somewhat lower temperatures, light to moderate variable winds.

ADOPT AMENDMENT TO UNDERWOOD BILL

**Would Give President
Authority to Suspend
Certain Tariff Rates**

KILL LOW FEATURES

**Majority Members Strip Ad-
ministrative Provisions of
Bill of Many Features**

DISPOSE OF ALL SCHEDULES

WASHINGTON, June 19.—An amendment to the Underwood tariff bill adopted today by the majority members of the senate finance committee would give the president of the United States authority to suspend certain rates in the proposed law and to proclaim special rates against nations which discriminate against products of the United States.

The amendment is appended to the clause giving the president authority to negotiate reciprocity agreements with other nations and in substance provides that when any nation discriminates against the products of the United States or imposes restrictions upon United States exports or does not in the opinion of the president reciprocate in trade relations, the president may by proclamation suspend certain rates and put in effect other rates.

Besides adding this amendment the majority members stripped the administrative provisions of the Underwood bill of many of its low features, including the inquisitorial clause which gave American agents the right to examine foreigners' books in cases of disputed import valuations. They also struck out the provision requiring registration bureaus for commissioners and agents in American consulates, the provision to give the secretary of the treasury the power to determine the existence or non-existence of a foreign market; the anti-dumping clause which provided excess duties on imports sold in this country and the five per cent tariff discount on imports transported in American vessels.

Provide For Commission.

The committee inserted an amendment providing for a commission to be composed of members of the senate finance and the house ways and means committee to make a thorough study of the whole tariff question and report recommendations for its readjustment. The action of the committee strikes from this bill all provisions which aroused protests from foreign nations.

After re-opening consideration of the print paper schedule today the committee voted to reconsider its former action and struck out its amendment, adding the countervailing provisions of the Canadian reciprocity law. As the bill goes to the caucus the Underwood provisions remaining undisturbed, print paper valued at not more than two and half cents a pound going on the unrestricted free list.

The committee now has disposed of all schedules and administrative features of the bill and tomorrow will turn them over to the caucus. It worked until a late hour tonight on the income tax which will be reported to the caucus as soon as possible.

EIGHTY WOMEN BURNED.

St. Petersburg, June 19.—Eighty women were burned today by villagers enraged at the importation of cheap girl laborers to work on a sugar estate in the district of Piratia in the province of Poltava, southern Russia, according to the Kiev newspaper Liambn.

The excited villagers first securely fastened all the means of exit from the wooden barn in which the girls were housed. They then set fire to the building while the inmates were still asleep and all were burned to death without a chance to escape.

HAYING AT THE UNIVERSITY OF ILLINOIS.

The dairy department of the University of Illinois is in the midst of its alfalfa cutting. Out of the total of 120 acres operated by the dairy department, 60 acres are in alfalfa; the other 60 are in corn. The aim of the dairy department is to produce as many pounds of total digestible nutrients per acre as possible. It can do this best by raising corn and alfalfa.

The yields of alfalfa thus far have been very good. On the twenty-one acre farm, eleven and one-half acres are in alfalfa. This yielded two tons per acre. There have been two kinds of seeding used; spring seeding and summer seeding. This year the spring seeding yielded 2.73 tons per acre, and the two year old summer seeding yielded 2.51 tons per acre.

FINE SPIRIT SHOWN AT DINNER GIVEN BY CHAMBER OF COMMERCE

BUSINESS MEN DECLARE FOR THE GET TOGETHER MOVEMENT IN JACKSONVILLE

Will Raise More Funds for Pushing the Interest of the Chamber of Commerce--Water and Light Furnish Themes for Fervid Oratory--Mayor Davis Announced That Thirty Day Test of the Widenham and Daub Wells--Administration Has Not Given Up Light Plant Project.

The get-together dinner given by the Chamber of Commerce at Peacock Inn Thursday night was all that the words imply. It was decided that funds needed for furthering the work of the organization will be raised. President Andrews presided and at his right sat Mayor Davis. The good feeling existing between the Chamber of Commerce and the city officials was emphasized and it was declared by everyone of the enthusiastic citizens present they are of one mind for improving and building up Jacksonville. Before the discussion had gone on long it developed that everyone present agreed that light and water are the big questions which Jacksonville must settle. There was a unanimity of sentiment for a thirty day test of the Widenham and Daub wells and that if they failed a plan to go to the river should be developed. Mayor Davis announced that a thirty day well test was being arranged. Rev. H. H. Mitchell, offered the invocation and then dinner was served. Afterward President Andrews had everybody take part in the program. Those of the tables were: F. J. Andrews, George W. Davis, G. E. Dowling, J. R. Reve, Otto Spiehl, M. R. Fitch, James W. Breckon, J. I. Graham, E. A. Hearn, Rev. H. H. Mitchell, Paul Fritchey, T. M. Tomlinson, E. B. Harmon, H. J. Rodgers, L. P. Alcott, Wm. Alcott, W. Newman, O. N. Barr, J. A. Obermeyer, O. F. Buffe, M. F. Dunlap, W. L. Shibe, H. K. Snyder, Dr. George Stacy, Ralph Dunlap, W. F. Widmayer, George Vasconcellos, Fred Rogers, B. Massey, Fred Drake, Henry Frisch, W. S. Ehnie, Dr. Rowe, W. J. Brady, E. C. Roach, C. R. Knollenberg, W. S. Badger, Dr. Robert Buckthorpe, W. C. Goebel, C. S. Millerby, E. W. Bassett, William Miller, H. K. Chenoweth, Bernard Gause and J. W. Walton. Secretary Fritchey was first called on and said in part:

"I want to urge you tonight to get busy so get together, as they might. Let's talk frankly as brothers and friends, for such we are."

Accounts All Checked.

President Andrews said that some members might be asking what had been done with the \$2,000 already raised and said that the accounts had all been carefully audited and that Mr. Fritchey would be glad to show the books and accounts to anyone who would ask about them.

Dr. Buckthorpe called on Ralph Dunlap and said that Mr. Dunlap always offered something worth while. Mr. Dunlap said the Boosters felt they were working under the chamber of commerce and that the Boosters would welcome a suggestion from the older men for some specific thing to do. The past winter we met regularly and discussed various matters but most things seemed too large for us to undertake. We planned to do something about moving pictures to advertise Jacksonville but afterward Manager Hunt of the opera house took this up and we dropped it. There is no question but the right thing for us all to do is to decide on Jacksonville's greatest need and then go after it."

J. J. Reeve said he understood that the principal purpose of the meeting was to talk about finances. He said it was his belief that it will take about \$2,000 in addition to the present expected revenue to carry forward the work planned for the remainder of 1913. He proposed the naming of a committee to go over the names of members and see what could be done toward apportioning new memberships to them. He said this committee could devise ways and means to bring about desired results.

Mr. Fritchey suggested that if a member took out additional membership in the names of other people that this could be done without changing the by-laws.

M. F. Dunlap asked about the amount still to come in from regular membership dues and as to the extra amount wanted. Mr. Fritchey said that \$1500 will be required for regular expenses to January 1, 1914, and \$2,000 is desired for other expenses. He emphasized the statement that this extra fund would cause all special soliciting to be cut out. He said one small item wanted is \$120 by the department of rural affairs to add to the salary of an expert the national government is willing to send here.

Suggests Committee Action.
M. R. Fitch said that the various department chairmen know the needs and he made a motion that the executive committee be empowered to plan for raising whatever special fund is required.

Dr. Geo. Stacy said that he did not think all this work should be forced on the executive committee. He thought that loyalty is the thing that all citizens should have and suggested that those members who had dropped out should be seen and every effort made to keep them in. Outside they will be of no value to the organization.

M. F. Dunlap said that to have 300 paying members is doing pretty well for Jacksonville. He wondered if the executive committee could not make \$1,500 extra money do. He said that some members could not afford to pay any more and thought that probably 50 men would give \$20 and 50 others \$10 each thus \$1,500 would be raised. Mr. Dunlap was in favor of making a definite start at this meeting toward raising the money.

M. F. Tomlinson said that Secretary Fritchey is hustling but cannot do it all and must have support. He said that the larger merchants should pay more than small ones. The retail department plans to bring a well known man here to lecture on salesmanship. A fourth of July fund was needed, some trade at home work should be done and I believe that graduated memberships will solve the question.

Mr. Fritchey said that the idea of a graduated scale was that some members could afford to pay more than others.

Those Resigning Members.
George Vasconcellos asked how a man could sign a membership card and then drop out at his option.

Dr. Rowe said that the directors had talked over plans thoroughly and realized that the spirit of get-together must prevail if funds are raised. He said that the thing to do is for all officers and members to get interested in something and give each one a definite task. The motion made by Mr. Fitch with a second by W. J. Brady that the whole matter be referred to the executive committee with power to make whatever plans are advisable met with a considerable more discussion. When H. J. Rogers with a second by Mr. Brady made a motion that whatever action the committee take be concurred in and that the members abide by the decision so made. The majority voted

Drug Offerings

Real enjoyment comes from the use of a good pure talcum powder, just now during these warm summer days. In recommending Graham's we do it not only because it comes in a very liberal can for 10 cents but also because it is of very fine quality. Graham's is a purified Talcum magnesium silicate and boric acid. It is a certain antiseptic, an absorbent and is indeed a wonderful healer. Quick relief follows its use for chafing, soreness, abrasions, irritations, prickly heat, sunburn, nettle rash, etc. If your feet are tired, swollen and sore Graham's talcum powder will give you speedy relief.

MATRIMONIAL

Gruenewald-Licence.

The marriage of Mr. Ammiel G. Gruenewald and Miss Emily Licence took place Wednesday afternoon at 4 o'clock at the home of the bride's parents in Chicago. Rev. Frank Gruenewald of this city, father of the groom, officiating. The wedding was witnessed by only immediate relatives and friends. The bride is an accomplished young woman. The groom is a graduate of the high school at Moberly, Mo., and graduated from the Brown's business college here in stenography and typewriting. He now holds a responsible position with the Wabash railroad in Chicago. Mr. and Mrs. Gruenewald arrived in the city Thursday from Chicago and will visit until Monday at the home of his parents, Rev. and Mrs. Frank Gruenewald, when they will return to Chicago to make their home at 4106 Irving Park.

Suiter-Ferguson.

Mr. Floyd E. Suiter and Miss Etta Mae Ferguson were married at 8:30 o'clock Thursday evening at the home of the bride's mother, Mrs. Anna B. Ferguson on North Main street. The ring ceremony was said under an arch of living green in the parlor by the Rev. Clyde Darile of the Central Christian church. The bride, who wore a beautiful costume of white silk, was attended by her sister, Miss Della Ferguson. The bride and bridesmaid each carried a bouquet of white carnations. The best man was Leo Suiter, a brother of the groom. An elaborate luncheon was served after the ceremony.

Both are estimable young people with a number of friends in the city. The groom, who resides in Peoria, is the son of Mr. and Mrs. John B. Suiter of East Franklin street. He is a baker by trade, employed as a bench foreman by the Schulz Bread Co. Mr. and Mrs. Suiter will go in a few days to Peoria where they will reside. They will be at home to their friends after July 1, at 421 Broadway.

A number of out of town guests were present among whom were Mr. and Mrs. Jack Walsh and Mrs. Fred Six of Alexander; Mr. and Mrs. Clayton Ewen and Milton Todd of Arnold; S. L. Gotschall and daughters, Arabean and Bernice of Franklin; Mr. and Mrs. Howard Henry of Woodson; Miss Lula Benson of Jerseyville and Mr. and Mrs. Edward Ferguson of Champaign.

Green-Dodson.

The marriage of Paul Cable Green, son of Mrs. Ollie Green and Miss Florence Dodson, daughter of Mrs. Melvina Dodson of Winchester was solemnized Wednesday evening at 8:30 o'clock at the home of the bride's mother, Rev. Mr. Strevey of the M. E. church officiating.

Whooping Cough.

"I have used Chamberlain's Cough Remedy ever since I have been keeping house and I consider it one of the best medicines I have ever used. My children have all used it and it works like a charm for colds and whooping cough. In fact, I consider it good for any kind of a throat or lung trouble and do not think any household complete without it," writes L. C. Haines of Marietta, Ala. You will look good while before you find a better preparation than Chamberlain's Cough Remedy for colds and whooping cough in children. It contains no narcotic and is pleasant to take. For sale by all dealers.

MANY AMATEURS SHOOT.

Dayton, O., June 19.—The Grand American Handicap which opened this morning was retarded in large measure by the presence of an unusually large number of amateurs. By noon practically all the 19 sections of five squads each had shot one round. Three other rounds were finished today. The first round—twenty targets—will be shot tomorrow. No official scores were announced today.

TWO DROWN IN RIVER.

Danville, Ill., June 19.—Dudley Delay and Gladdison Flaherty, aged 21 each, and brothers-in-law, were drowned while bathing in the river near here tonight. Delay was seized with cramps and when Flaherty went to his rescue seized the latter and both sank in twenty feet of water. The bodies were recovered.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Jacksonville. No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing down pains, lameness, backache, etc. Urine poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain. When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Jacksonville woman tell of her experience.

Mrs. Eva Martin, 902 Hackett avenue, Jacksonville, Ill., says: "I have taken Doan's Kidney Pills for several years and I know them to be a good, reliable remedy. When I have a pain in my back and my kidneys do not act regularly, I get Doan's Kidney Pills at Armstrong's Drug Store. They bring me great relief and I have no hesitation in saying so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

St. Louis Post Dispatch Presents
Evidence to Support Charges of
Irregularities.

St. Louis, June 19.—States' Attorney Webb of St. Clair county, Illinois today said he would investigate charges of irregularities in the municipal affairs of East St. Louis and that he would prosecute every person whom the evidence shows to be criminally involved. Evidence to support the charges was presented to Prosecutor Webb by the St. Louis Post-Dispatch. Among other charges are statements that two members of the city council and one other elective official sold goods to the city; that councilmen for two years have received pay for meetings which they did not attend; that claims of the city against former treasurers aggregating \$105,000 were compromised on a basis of twenty per cent; and that a discrepancy of \$10,000 in the accounts of a former city treasurer was settled for \$4,000.

FINE SPIRIT SHOWN AT DINNER GIVEN BY CHAMBER OF COMMERCE

(Continued from Page Two)

in favor of this motion but afterward there was a great deal of spirited discussion of it and finally Mr. Rodgers withdrew the motion. He thought it well to have the members present agree to the findings of the committee in advance simply as an encouragement to the committee not with a view to making compulsory contributions.

M. F. Dunlap thought that the motion proposed was too stringent and all increase in contributions or payments for memberships must be voluntary. Mr. Breckon, Mr. Gause, Mr. Tomlinson, Mr. Reeve, Dr. Buckthorpe, President Andrews and Secretary Pritchey all had something to say on this subject but it all ended in showing a practical agreement of views.

Mr. Brady said that the motion to submit the matter of finances to the executive committee meant that the members were all willing to shift the responsibility to somebody else's shoulders.

L. P. Alcott referred to the earlier history of the Business Men's association when a meeting was held at Byrns store and an effort made to unite with other organizations in order to keep financial affairs up.

Water Question Bobs Up.

Mr. Brady then started the real discussion of the evening by the statement that in the fourteen years he had been here that the Business Men's organization had not accomplished any one really great thing. He said that the really great problem before Jacksonville is the matter of water and that he had said so two years ago at a meeting held at that time. He cited Quincy as a city where they realize the importance of water and are growing steadily. He said that city is now engaged in raising \$100,000 for a Y. M. C. A.; \$50,000 for a cotton factory and \$50,000 for a shoe factory. He said that the thing for Jacksonville to do is to try out the Widenham and Daub wells thoroughly and for ever settle the question as to there being water out there. If there is no water then go to the river but at all events to get water. He advocated more light also.

President Andrews said that now in this dry time is certainly the best chance to test the wells, when no surface water will annoy.

Bernard Gause arose to the defense of the past of the Jacksonville Business Men's association and said that while he had no time to go into any details in history that he believed that in five years time that the Business Men's organization had been worth half a million dollars to Jacksonville.

M. F. Dunlap agreed with Mr. Brady as to the importance of the water problem but objected to Quincy as an example of what is desirable in city improvements for Quincy in the past ten years has lost in population.

Dr. Rowe did not think that the business men had co-operated with the council as they should in securing light, water and street improvements.

Mayor Davis Tells of Plans.

Mayor Davis: I think that the present city council and the Business Men's organization have worked together better than has been true for a great many years. That we have realized something of the importance of questions pressing for solution is shown by our record. We made a contract with the water company which was so good that we were really afraid that we were dreaming when we made it. Now the company has failed in its efforts to provide water and we have made tentative arrangements with the Jacksonville Light company for power to make a thirty days' test of the Widenham & Daub wells. Mr. Miser, the new superintendent, has stated that he will furnish the power and that the city can fix the rate to be charged. He has assured me that from now on his plan is to make needed improvements here and send in the bill to Mr. Chubbuck and not write in and ask for the money first. If we do not get water at the Widenham & Daub wells I think that we can buy the water plant at the river cheap and then stand somebody off for money to put in a pipe line. In running the business of the city we have something of a problem on our hands because of a shortage of funds but we think we are making a rec-

ord which is not unworthy. So far as light is concerned we have not given up by any means and we propose to have a new light plant before the end of this administration. I believe that you can easily raise the money you need and are planning for and I believe also that 200 more members could be secured for this organization. I can assure you that I as mayor and the members of the council will be glad to co-operate with you in securing things for the betterment and upbuilding of Jacksonville.

Commissioner Knollenberg was glad to join in the sentiments expressed by the mayor and said that he believed the council and the business men had been pulling together more during the past year than had been true for a considerable period and he believed that in the future the relationships would be even closer.

Commissioner Newman's Protest.
Commissioner Newman believed that the expense of the Chamber of Commerce should be held within the revenues in sight. He said that he had always thought that there was plenty of water in the Widenham & Daub wells and that he was of the same opinion still. He said that long ago he had favored a plan of dredging the lake and that if this had been done there would have been plenty of water. The commissioner maintained that since he had been commissioner that the streets of Jacksonville had been in better shape than ever before and that three-fourths of the credit was due to O. Spaulding, the man he had chosen for street commissioner. He said that a large part of his business success was due to his ability to pick good assistants. He said that notwithstanding the good condition of the streets that his colleagues proposed to abolish the office of street commissioner but he said that Spaulding would remain as long as he himself was a commissioner. Mr. Newman emphasized his belief that more care should be taken to conserve the enterprises already here than is done and asked how many men present wear Capps clothing.

Henry Frisch agreed with Mr. Newman that the city could foster lines it is but thought that at the same time efforts should be made to get more for Jacksonville.

Some Association Possibilities.

Bernard Gause expressed the opinion that Jacksonville had attained development in church and educational lines in advance of its industrial lines. He said that if Jacksonville were developed industrially that there would be still further development of the schools and churches. He cited Decatur as a city where the industrial development came first and the educational afterward. Milliken university there has been established only a few years but has 1200 students. Mr. Gause estimates that a yearly expense of \$5000 is not too much for running a business mens organization. He mentioned that if the organization had funds that it might take up such questions as freight rates. Now Decatur pays 1.07 of the Chicago rate and Jacksonville pays 1.12. Coal into Jacksonville costs 54 cents a ton while it is hauled to East St. Louis from Springfield for 38 cents.

Rev. H. H. Mitchell expressed his pleasure of being present and said he agreed with the position that light and water are the two great questions for Jacksonville to solve. He dwelt upon the advantage of picking out some one thing to do and then going after it.

Dr. Buckthorpe was heartily in favor of raising the funds asked for and believed that the business men can accomplish a great deal for the city if they keep together and pull for the same ends.

H. J. Rodgers said that he was now strongly in favor of a municipal light plant large enough to furnish the city's light and power and to sell to private customers. He mentioned that a bill authorized cities to sell current had just been passed.

Utility Question Important.

Dr. Rowe talked of the importance of utility questions in general. He was followed by E. A. Hern who told of the progress made by his home city where the business interests were united in an effort to secure enterprises. Condition there were about like those here so far as water and coal are concerned yet good progress was made.

J. I. Graham urged business men to get behind the city officials and support them. He contended that it would be the best course to test the Widenham and Daub wells and if they failed to go to the river. He also advocated an early settlement of the light question.

C. B. Massey was greatly in favor of a light plant and of anything else that would help Jacksonville. Jay Rogers was called on and said he hardly dared advocate improvements because when the Boosters worked for the light plant they were referred to as a young know much about civic affairs.

Must Be of One Mind.

W. F. Widmayer said he was impressed with the thought that Rev. Mr. Mitchell had expressed in the invocation that business men need to be of one mind for the securing of what they desire. Only in this way could much be accomplished.

W. S. Badger said that the first question considered in the selection of a site for any city is the water supply. It is strange that this has not been settled in the eighty or more years of Jacksonville history but it remains the greatest question. "Get water first and the other things will follow."

Otto Sletli was glad that he had attended the meeting and was willing to join in any movement to secure light, water and other improvements. Fred Drake agreed with the sentiments expressed by others in that the water question is the one of greatest importance to Jacksonville. J. W. Breckon said that in considering the past that the record of the business mens organization had justified its existence. He thought that printed matter setting forth what had been accomplished would be good literature to scatter broadcast. E. C. THE Illinois Steel Bridge Company builds bridges and fabricates steel for structural purposes. It has operated successfully under the able and experienced management of the present officers for a period of twelve years, during which time over 5,000 bridges have been sold to counties, townships and districts. During the first four months of the present year an increase of 40% in orders received is shown over the same period last year.

These notes are secured by a first mortgage on all the assets of the company, both personal and real, now owned or hereafter acquired, comprising real estate, buildings, equipment, raw material, finished product, accounts receivable, bills receivable and cash, representing a total investment of over \$350,000.

The earnings for the past four years, as certified to by certified public accountants, have been \$121,216.14, or an average per annum of \$30,304.03, over six times the interest charge, or sufficient to pay the principal and interest in about three years.

The Title Guaranty Trust Company has examined the title to the real estate and guarantees that the deed of trust securing this issue is a first mortgage on the property without prior liens or encumbrances of any kind.

All legal matters in connection with this issue have been approved by our counsel, Henry W. Allen and Bellatti, Barnes & Bellatti, Jacksonville, Illinois, attorneys for the Company.

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach; by their gentle action my bowels became more regular. Today I feel like praising them to all who suffer as I did, for me and made my life worth living."

Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any settled community there's a grandma who knows Mother's Friend. Not only is she reminiscent of her own

experience, but it was through her recommendation that so many young, expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is applied externally to the abdomen, stomach, bowels, chest, a very all pain, avoids all nausea, and prevents caking of the breasts.

It is quickly and wonderfully penetrating, permits the muscles to expand without strain on the ligaments, and prepares the system so thoroughly that the crisis is passed almost without the slightest distress. Thus there need be no such thing as dread or fear. No better nor more cheering advice can be given the expectant mother than to suggest the use of Mother's Friend. She will take courage from the beginning. The days will be cheerful, the nights restful. Thus the health is preserved, the mind is in repose and the period is an unending one of quiet, joyful anticipation.

You can obtain Mother's Friend of any druggist at \$1.00 a bottle. Do not forget nor neglect to be supplied with this greatest remedy ever devised for motherhood. It is unending. Write at once to Bradfield's Regulator Co., 1330 Lamar-Bldg., Atlanta, Ga., for their very interesting and instructive book of advice for expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

REMOVE BREEDING PLACES

What is the Life of a Member of Your Family Worth?—Easy to Insure Against Preventable Diseases.

Among the myriads of pathogenic or disease-producing bacteria which find the most favorable conditions for their life and growth in the bodies of men, and are well known, are the bacilli of typhoid, diphtheria and of tuberculosis. When they get into the human body, the various forms grow in different ways, and produce chemical compounds, whose growth produce diseases.

Bacillus Diphtheriae. One of the most dreadful and most feared diseases is diphtheria which is met with mostly among children. Without the presence of the diphtheria bacillus, however, which may be conveyed to the human throat in various ways—by contact, by drinking infected milk or other contaminated foods, it is not possible to have diphtheria.

Bacillus Typhoid. Another micro-organism, a foe to mankind, is the typhoid bacillus, which is found in water, milk, soil, sewage and in other materials. This bacillus usually finds its way into well water directly from sewage or privy vaults—indeed, in the majority of cases the typhoid fever germs are most frequently carried in water which has in some way been polluted by human waste and which contains typhoid germs.

Bacillus Tuberculosis. Undoubtedly the most remarkable organism connected with diseases is the bacillus tuberculosis. When it is borne in mind that the spores of consumptive persons almost always contain the organism, it is easy to understand that there must be various channels by which the poison may be conveyed.

How Food May Become Infected. Milk may become infected by use of unclean containers, or by washing them with contaminated water, etc. It does not require a very vivid imagination to picture what happens when a fly, gluttoned with a meal from the sputum on the street, from a garbage pile, or perhaps from the putrescent carcass of a dog or other animal, wanders and feasts at will from the sweets of your own tables, or rests upon the lips of your sleeping babe, especially when it is known that a fly is so constituted that it must vomit on its food in order to be able to eat it. When we are fully aware of his habits will we tolerate the fly and run the risk of becoming his victim?

Banish the Breeding Places. The breeding places of flies are manure piles, rubbish and filth of any kind. Such places of menace to general health should not be permitted. Mr. McLaughlin estimates the life of a full grown person to be worth to the community about \$5,000. How much do you think your life is worth? How much would you be willing to give for the guarantee that your family may never be afflicted with these preventable diseases? Perhaps a much less sum would remove all the fly-breeding places in your community.

Let each of us ask ourselves whether we are doing our part in exterminating preventable diseases. It is not necessary to drink sewage to harbor flies, or to eat contaminated food.—By Gust. P. Luedke, Illinois Farmers' Institute.

QUICK RELIEF FOR RHEUMATISM

George W. Koenig, Lawton, Mich., says: "Dr. Detch's Relief for Rheumatism has been a my wife wonderful benefit. I, rheumatism. She could not lift her foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

ILLINOIS STATE NEWS.

Soil Experts Scarce.—Word comes from Grundy county that the move for the organization of a crop and soil improvement association may be delayed because of inability to secure a soil expert to take charge. The new scientific method of farming is of so recent origin that there are few experienced men to take up the work of directing it. The movement originated in Missouri, where Sam Jordan, almost pauperized by the methods that had prevailed on the farm, started in on a line of investigation that brought him into the limelight as an institute speaker. Later his operations in advising farmers, became state electric line, supposed to traverse into the front rank.

Cass County Veterans to Go to Gettysburg.—J. M. Mason of Beardstown and Jack Smith of Virginia, have the distinction of being the only old soldiers in Cass county, who were participants in the battle of Gettysburg and are therefore entitled to the free transportation and \$10.00 as spending money, for the anniversary celebration and reunion at Gettysburg on July 4th.

Surveying New Line to Worden.—The purchase of right-of-way between Worden and Edwardsville has given rise to rumors of another wide and Missouri was brought to the central part of the state to Staunton, then turn south, passing through Carpenter, Edwardsville and Collinsville.

Girls to Advertise Chautauqua.—Girls for advertisers—that's what the Litchfield-Hillsboro chautauqua is going to have. Sixteen of them all about sixteen. The girls are going on a two days automobile trip over the territory covered by the chautauqua. There will be a quartet along, and a spieler. The quartet will sing, the spieler will spiel, the girls will distribute window cards, and advertising banners and signs will be put up by men in the party.

Oldest White Man Dies.—Eliaser Fisher, said to be the oldest white man in Illinois, died recently at his home in Sandwich, near Aurora. He was 103 years of age. But for an accident a week ago, the aged man might have continued to live for several years. He was possessed of remarkable health and up to the time of the accident, a fall which shattered his hip, he was as active as a man of middle age. Mr. Fisher had cast twenty-one presidential votes, the last one being at the recent election in Northfield, Vt., in 1870. He came to Illinois in 1857 and settled at Sandwich in 1864.

Justice Hand's Illness Delays Court.—That the serious and protracted illness of Supreme Court Justice J. P. Hand is tying up some of the business of the court is evidenced by the following statement made from the bench by Chief Justice George A. Cooke: "For the information of counsel and litigants who are interested, and in order that they may understand the reason for the delay, the court desires to state that, owing to severe and protracted illness of Mr. Justice Hand, we have been unable to agree on decisions in some cases. This applies to three petitions for rehearing, which have been pending for some time, and also to a number of cases taken under advisement."

Boy Preacher to Be Ordained.—Carey Osborne, aged 20, son of Rev. James Osborne of Alton, was recently ordained at Lebanon as a Baptist clergyman. When he was 12 years old Osborne began preaching and has been filling pulpits ever since.

Prisoners May Go Hungry.—State's Attorney Charles Webb's many recent gambling raids has one unforeseen consequence in that they resulted in greatly increasing the population of the county jail at

Belleville, and in draining the fund for feeding prisoners. County Auditor Fred Mosser has notified merchants supplying the jail with food that the \$9,000 appropriation for the current year is exhausted and credit must be extended or the prisoners will be without food. Prosecutor Webb's raids often put as many as 100 persons in jail for periods of several days.

Pike County Teachers Institute.—Supt. D. P. Hollis has announced that the annual summer institute for Pike county teachers will be held in Pittsfield the week commencing August 18. John C. Reeder, recently elected superintendent of the Pittsfield schools, will teach history, civics and arithmetic. S. B. Hursh, vice-president of the Western Illinois Normal, will teach grammar and reading. Miss Nellie Barrett, of Lewistown, will again have the primary work in charge.

Bishop Janssen Fails to Improve.—Rt. Rev. John Janssen, bishop of Belleville, is still critically ill in the Episcopal residence. The prelate has moments of consciousness in which he recognizes those at his bedside.

Springfield Tuberculosis Sanatorium.—Patients are being received at the new Springfield open air colony, located at the west end of Lawrence avenue. The institution, which is to be a semi-philanthropic one, is to be conducted by Dr. George T. Palmer, superintendent of the city board of health. Dr. Palmer originally planned the colony, and his scheme was financed by several citizens, interested in the suppression of tuberculosis. Built for the accommodation of about fifty patients, the sanatorium comprises ten acres of ground.

STANDARDS FOR ILLUMINATING GAS.—The bureau of standards, department of commerce, has prepared a monograph on "Legal Specifications for Illuminating Gas", which is a brief discussion of the recommendations made by this bureau for state or city laws to control the quality of illuminating gas sold.

The bureau undertook several years ago an investigation of calorimetric standards and of flame standards for gas photometry, but as the work progressed it became evident that other phases of gas testing were equally deserving of attention, and the field of the investigation was therefore extended to include all gas-testing work.

As the heating value of a gas is a better measure of its usefulness for power, heating, or lighting with naphthalene than is the candlepower of the gas, the heat delivered to customers should be measured and controlled in order to insure good service. For open-flame lights only the candle-power must be maintained. As many persons still use such burners, even though they're less economical than a mantle, the candlepower can not be entirely overlooked. The bureau of standards proposes that a secondary requirement be fixed by cities to insure sufficient candlepower of the gas for use and that the heating value be made the principal basis of gas rating. The basis of rating of the gas and its purity are also discussed in this paper.

BICYCLE RIDERS ATTENTION.

Section 14 of our city ordinance says: "No person shall ride any bicycle on any sidewalk in said city, adjacent to any paved street; and every person violating this section shall be fined not less than five nor more than ten dollars for every offense."

The police department has had numerous complaints about this matter and the officers have been instructed to arrest every one caught violating this ordinance. Geo. P. Davis, Chief Police.

POULTRY CULTURE

Article VIII.

Incompetence.—Failure in poultry plants has most often been due to incompetent or ignorant men having attempted something beyond their powers. Sometimes capable men fail because of lack of instruction and training in this special line of work. Proper facilities for hatching and rearing chicks may have been lacking.

Deaths.—Raising perfect chickens is not like making shoes or shingles. The peculiar factor which is termed life has to be reckoned with and likewise, also, its counterpart, death. It is difficult to see how anyone can build up successfully a business in which there sometimes occurs a season's loss by death of 50 per cent of the chickens hatched, to say nothing of poor hatches to start with. The breeding stock must first be right. Then the poultryman must know how to make the chicks hatch and live. He must be willing to work hard.

Feed Waste.—A leak that often drains away the possible profit is the waste in feeds and feeding. The rations are sometimes applied without regard to the special needs of the fowls at different seasons and under varying condition. Cleanliness must be insisted upon.

Lost Labor.—Unreliable helpers are a frequent source of failure. Inefficient, ill-applied, or useless labor costs much money and brings no adequate returns. Labor-saving tools, appliances and conveniences which actually facilitate the work and economize expenses are desirable. Every step, every motion of the keeper of the fowls should count for gain on the poultry plant.

Managers.—The manager of the poultry plant should have that rare quality—ability to manage men so as to make their labor economically effective. Have each helper do the part that he can do best. Arrange the schedule of regular days and hours for regular work. Plan the work so that everything will be ready to begin when the time comes, then see that the men work right along. Allow no visitors to enter up their ladders.

The poultry plant should not be built too large to commence with. Study the local conditions, especially the markets, with regard to both the sale of the products and the purchase of supplies. Expend a little under the conditions of the given locations. Test the poultry specialists that seem most promising, then extend and develop the business along the particular lines that experience proves to be most profitable and safe.

Little Capital.—The young poultryman with little capital may begin by supplying families with fresh eggs later furnishing them with table fowls. In time he may take up the breeding of fancy fowls. After the undertaking is in running order scrutinize every expenditure as carefully as is done by the big corporations. Small things must be looked after. Waste no by-product. Pay liberally for "brains" to help if necessary, for good breeding stock and for effective advertising, but be stingy and yet sensible about other expenses. The available capital must be sufficient to purchase the foundation live stock, to properly house the same and to buy the necessary appliances. Money must also be on hand for meeting the ordinary running expenses, wages, feed, etc. Finally, funds are required to tide over the first one, two or three years until the receipts assume a profitable return for the investment.—H. A. McKee, Secretary, Illinois Farmers' Institute, Springfield, Illinois.

HAD RUGS STOLEN.—John O'Donnell, who resides on East State street, had two fine porch rugs stolen from the porch some time during Wednesday night.

POINTS ON SCHOOL LAW.

The School Year.

In order to understand what is meant by the school year four sections must be considered and construed together.

1. Section 114 of the general school law requires the directors to establish and keep in operation a sufficient number of free schools for at least six months in each year, and longer if practicable. The minimum is fixed by this section.

2. Section 189 fixes the tax rates for the purpose of establishing and supporting free schools for not fewer than six nor more than nine months in each year. The maximum is determined by this section, save as otherwise especially provided.

3. Section 119 provided that schools may be extended beyond nine months, when authorized by a vote of the people at an election held for the purpose.

4. Boards of education are endowed with broader powers than school directors. Section 127 authorizes boards of education to establish and support free schools for not fewer than six nor more than ten months in each year; and, to levy a tax to extend schools beyond the period of ten months, in each year, upon a petition signed by a majority of the voters of the district.

Boards of education in districts having a population exceeding 100,000 inhabitants, are vested with enumerated powers, but are not restricted in the matter of the school year. Such boards may establish and maintain vacation schools and play grounds.

"UNCHRISTIAN" BURIAL ORDER IS OBEYED.

The reason for the strange ceremonies at the recent funeral of Anton J. Kraft, for many years proprietor of the Diamond Mineral Springs, a summer resort east of Edwardsville, became known yesterday when his will was filed for probate at Edwardsville.

Concerning the disposition of his body, Kraft's will says: "I wish my remains to be decently interred, with as little show and expense as may be. Let no money be wasted in the customary vanities over the dead, but rather spend it for the living. Let there be strictly no religious words, acts or ceremonies of any kind whatever or in relation to my dead body."

"I entreat my surviving friends to remember the earnest words I have repeatedly uttered concerning my desire for an unchristian burial, and not to impugn my memory and violate the sacred helplessness of death by going counter to these words and setting up what would be in my case the false pretense of a Christian burial."

"I especially enjoin, as earnestly, solemnly and stringently as it is possible for me to do so in this way, that no clergyman or professor of any of the so-called orthodox sects or churches shall take any official religious part in or about my funeral."

Mr. Kraft's wishes, which in the will were dated February 13, 1908, were scrupulously observed by the family and the only words offered at his funeral were by an agnostic from St. Louis.

WILL RECEIVE BIDS.

The city of Jacksonville, Illinois, will receive bids until noon June 15th, 1913, for the purchase and installation of a pumping engine at its pumping station in the city of Jacksonville. Bids to be made on pumping engine of two million gallons (2,000,000) and five million gallons (5,000,000) capacity in 24 hours, the city reserves the right to accept the pumping engine of either capacity, also to reject any or all bids. J. P. Brennan, Commissioner Public Property.

SCIENCE PREVENTS BALDNESS

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long and a six weeks he had a normal scalp of hair. GIANTS WIN EXCITING GAME FROM CINCINNATI

VICTORY MAKES CLEAN SWEEP
OF SERIES FOR NEW YORK.

Bunching Hits, Wildness of Opposing
Pitchers and Errors of Opponents
Responsible for McGraw's Victory.

Cincinnati, O., June 19.—New York won an exciting game from Cincinnati here today 8 to 7 and thereby made a clean sweep of the series of four games. New York managed to bunch hits with the opposing pitcher's wildness and errors by Cincinnati in two innings and tallied four runs in each of these.

Cincinnati made a game uphill struggle.

Snodgrass' triple with three men on bases in the second inning was a batting feature although Shafer, Boecher, Tinker, Marsans and Groh also did fine work at bat. Mathewson appeared to be at his best up to the eighth inning when he weakened but had enough left to stave off defeat. Benton pitched good ball with the exception of the second inning. He was taken out in the seventh to allow Hohlitzel to bat for him.

IN EARLY INNINGS OF PLAY

Score Five Runs in First Four Innings, Which Proves Sufficient to Win.

Boston, June 19.—Boston batted its five runs in the first four innings to win the last game of the series with Detroit. The visitors were threatening in the ninth when Roudreau drew a base on balls and High who ran for him was brought home by Dubuc's double. At this stage Sedent took O'Brien's place and passed Bush but Vitt forced Bush out at second while Crawford fled out to Janvin and Cobb closed the game with a grounder to Bedient.

ATHLETICS DEFEAT CHICAGO IN FINAL GAME OF SERIES

Contest Was a Pitcher's Battle Between Brown and Russell, the Former Having the Better of the Argument.

Philadelphia, June 19.—Philadelphia took the final game of the present series from Chicago today by 2 to 0.

The game was a pitcher's battle between Brown and Russell in which the former triumphed. The visitors made four hits off Brown, but these were so widely scattered that they never had a chance to score. Russell held the locals to three hits, two of which figured in their run getting. Wonderful catches by Mattick and Walsh robbed Browne and Bodie of extra base hits were the features. Score:

SENATORS TROUCE NAPS 6 TO 3

Falkenberg Proved Easy For Washington and Was Batted Off the Slab.

Washington, June 19.—Washington won the odd game of the series from St. Louis by taking the game today by 6 to 3. Falkenberg proved easy for the locals and was batted off the slab. Blanding who relieved him pitched winning ball but the lead was too great to overcome. Boehling pitched his first full major league game and except for the fifth inning when Cleveland lunched three hits was master.

Shanks started at bat for Washington, his hitting figuring largely in the victory.

NICHOLS PARK.

Nichols park at Jacksonville, Ill.,
is a place of quite beauty.

When one happens to be near
it, to see it is a duty.

To recognize the work of those
who fixed it up for use.

For failing to appreciate its beauty
there is no excuse.

It's good for one to walk there,
for the exercise it gives.

It puts ones blood in circulation
and makes one know one lives.

The sunlight puts healthy Bronze
upon the walker's skin.

And the Ruby lips and rosy
cheeks, shows the oxygen got in.

I sat me down upon a seat, the
Lake Side close beside.

Under a spreading, shady beech,
or maple in its pride.

And thought of times gone by
some twenty years or more.

When wife and children came with
me, to walk out by the Lake Shore.

I'm on alone, my wife is gone
to sit and walk in the spirit land.

My children all are far away,
a scattered active band.

But the grass is green and the
trees leaf out, same as they did be-
fore.

But I miss the wife of other days,
who is now on the Heavenly Shore.

It is hard to realize that twenty
years has passed since I was here
before.

But time has used me, very well
considering I'm three score.

But it makes one feel sad, as he
looks around and finds so many miss-
ing.

That he used to know in the days
gone by, it seems somewhat distress-
ing.

mencement exercises were held to-
day at Harvard University, Ameri-
ca's oldest educational institution.

In addition to the degrees received
by the members of the graduating
class a number of honorary degrees
were conferred upon men of distinc-
tion. The graduation exercises were
held as usual in Sanders theater and
were accompanied by all the pomp
and ceremony characteristic of regu-
lar occasions.

Nearly all the classes held recep-
tions during the day in various parts
of the college yard. The election
of members to the board of overseers
at the annual meeting of the Har-

The fifteen commanderies of
the state are well represented and
the gathering is one of the largest
ever entertained here. A parade, a
full dress review and numerous fea-
tures of entertainment are embraced
in the two days' program.

REMARKABLE RESULTS.

SET FORTH

Negroes Are Being Greatly In-
fluenced and Aided By Hampton
Institute.

Hampton's Institute's remarkable
results in training negroes are vividly
set forth in the 45th annual re-
port of the principal, just made pub-
lic. From a school of 15 pupils and
two teachers the institute has grown
into a busy educational village of
over a thousand persons; with a far-
reaching influence, not only for the
races it is designed to aid, but for
the whole nation, which benefits by
the splendid work and example of
Hampton graduates everywhere.

Industrial training is the keynote
of the Hampton success, according to
Dr. P. P. Claxton, United States com-
missioner of education, who is keenly
interested in the Hampton work.

It is noteworthy that his industrial
trainings is of the most immediate
and practical sort, applied to the or-
dinary tasks of life, first of all in the
educational plant itself. At
Hampton practically all the work is
done by the students themselves.

There are buildings to be kept in re-
pair and occasional new buildings
to be erected; there is a farm of 600
acres to be cultivated, with 150
cows and young stock, 40 horses and
mules, hogs and poultry. There are
horses to be shod, harness to be kept
in repair, wagons to be built, boys

to be clothed—these are a few of
the industrial opportunities which
the plant itself offers. Last year the
students received over \$86,000 in
wages, of which one-fourth went to
the girls for domestic work in the
institute.

This year the boys of the trade
school have built Clarke hall at a
contract price of \$26,142. The work
called for the services of bricklay-
ers, plasterers, carpenters, sheet-
metal workers, steamfitters, plum-
bers, cabinetmakers, electricians and
painters. The architect who design-
ed the building, after inspecting the
brickwork done by the boys, said it
compared favorably with similar
work by New York men, and some
of the local builders pronounced it
the best piece of work in that section
of Virginia.

At Hampton work is considered a
privilege; in fact, one form of pun-
ishment is the taking away of work
from a pupil. No student is ever
punished by being forced to work.
At the same time labor is not insist-
ed on as an end itself, but rather as
the means to an end. "The aim of
Hampton," says Dr. George P. Pre-
nix, vice principal, "is not merely to
train workmen, but to educate men
and women who shall stand for the
best things in the communities to
which they return, and who can
make their skill contribute to this
end."

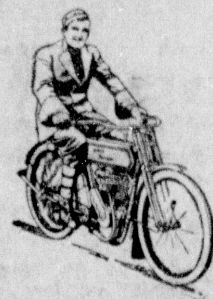

WELCOME FOR ENGINEERS.

Hamburg, June 19.—A cordial wel-
come awaits the members of the
American Society of Mechanical En-
gineers, who are due to arrive to-
morrow to hold their annual meeting at
Leipzig and later to make a tour of
industrial Germany as guests of the
German Association of Engineers.
The visitors will be received in Ham-
burg by the municipal authorities,
and will be given an opportunity to
inspect the Elbe tunnel and the great
shipyards of this vicinity. On Sunday
the party will depart for Leipzig,
where the sessions of the society's
annual meeting will be held in the
municipal hall on Monday and Tues-
day. The sessions will be inter-
spersed with features of social enter-
tainment. On Wednesday the visi-
tors will begin a fortnight's tour of
Germany, including especially an in-
spection of the Rhenish and West-
phalian industrial districts and visits
to Dresden, Dusseldorf, Cologne,
Frankfurt and Munich.

SMITH BROTHERS

44 North Side Square

Storey's Exchange & Employment Agency

Room 303, Ayers Bank Building

FOR SALE—A combination stock and grain farm of 200 acres, mostly of the grey timber soil of the first quality, and except a very few acres it is level farming land, and thoroughly tilled.

Most of the farm is in blue grass pasture, with two never-failing springs, piped to water tanks.

Small acreage planted to corn, wheat fields sown to clover, with timothy and clover meadows.

Improvements all nearly new and in perfect condition. A beautiful six room house, modern throughout.

A large horse barn, solid oak frame, and most conveniently arranged. Fawn scales lately installed and entirely enclosed with a durable building.

There are sheds, hogsheds, corn cribs, granaries, a new tenant house, implement house, and all that the farm needs. If the price of this farm doesn't sound good, when you hear it, it surely will when you have looked the farm over.

FOR SALE—A well improved farm of 200 acres and one of 30 acres in the very edge of Jacksonville. Come in and let us show you these.

NOTES OF THE GAMES.

The recent death of Chris Von der Ahe, the one time famous owner of the St. Louis Browns, has revived a host of stories about that eccentric character. One of the best runs as follows: A spectator at one of the games at old Sportsman's Park left his umbrella in his seat. After the game he telephoned the fact to Von der Ahe who holding up an umbrella asked "over the phone, 'les dis id'?" Another rich one has to do with the inimitable Arlie Latham and the scarcely less inimitable Tommy McCarthy. The two wits used to make life a burden for Chris. One day the manager had the team assembled in a room on the fifth floor of the old Fifth Avenue Hotel. In that rich Teutonic dialect of his, Chris was telling what he would do to the next man he caught "trinking." This was too much for Lath, who burst out into a loud guffaw. Furious at this affront to his authority, Chris turned on Latham with, "Ladum, that will cost you chust van hum of Vhot you mean making a laffing stock of me that way?" "Honest boss," came back Arlie "I was laughing at a boy who just passed the window and made a face at me." "All right, Lad, the fine don't go," said Chris. When the meeting was over Tommy McCarthy stepped up and asked Chris how a boy could look in at a fifth story window. "Dot's so," said Chris. "Why didn't you tell me, Dommey, before Lad got out of the room? I'd fined him two instead of yun. But its too late now."

"Buck" Simms was in the city yesterday and played with the Eagles in their game against the Carnival team. He has been sold to the Henderson, Kentucky team of the Kitty League and will leave for the south this morning. This is a distinct advancement for the young man who speedily made good with Jack Herbert's team. The Henderson team is a fast aggregation and if Simms makes good there he will no doubt be in position to go still higher next season.

Frank Friday, who made such a good record with the I. S. D. team has come to the sensible conclusion that professional ball is not for school boys and has given up his intention of joining Harrisburg of the Kitty League and returned to his Chicago home. He went down there at the close of school but after looking things over went back home.

It was near an all-college team that lined up at the Eagles-Carnival contest yesterday at I. C. field. Wheeler, Tandy, Furr and Stewart all wear the "I". If these four can be kept on the Eagles team we'd lay a wager that the White Sox would have a pretty contest for supremacy on their hands. The fans are all anxious to see a go staged between these two local rivals. Let's have it before the College diamond gets out of condition. It is just right now.

The Eagles have some might swatters in their ranks. German in particular, is as handy with the willow as he is with the linotype. Rogers is a pretty nifty man at the third corner and there are few better infielders in town than McCollister. It would be a surprise to many of the fans if they could see these boys in action and see how well they can play. All of which is another reason for having a game with the White Sox. Let's see which is the better team.

The Detroit Tigers are a thoroughly tamed set of animals these days. Only occasionally is the famous battle cry "Go Yeh" heard around third base. Jennings goes about his work like a man who has lost all ambition and even the mighty Cobb is playing with an effort.

Slowly but surely Chance's team is climbing towards a better position in the race. He is making an effort to get rid of all the old timers and substitute active youngsters whom he can teach his style of play, and who will take what he gives them without question. Birdie Cree is said to be on the anxious seat, though Chance will neither affirm nor deny the rumor that the bird is to be cast out of the nest.

Bert Humphries is the boy upon whom Johnny Evers is pinning most of his faith these days. He is running Lavender a close race for the honor of being classed as the Cubs' winning pitcher. Quite a climb for a comparatively new comer in fast company.

The Phillies are not having things their own sweet way quite so much these warm June days. Their reception at the hands of the Cubs was anything but cordial. It looks now as if they were destined to drop below the Giants before the month is out. If the McGrawites reach that coveted position before the 4th of July it's dollars to doughnuts that one of the contestants in the next world's series will be the Giants of Gotham.

On a recent visit to Cairo the writer met Jimmy Hughes, who used to cover first base for Jacksonville during the years we were on the baseball map. He is looking fine and is playing excellent ball for the Egyptians in the Kitty League. He is accounted the best first baseman in the league and it hitting over .300. He had many inquiries to make about Jacksonville and wished to be remembered to his old friends here.

CREWS READY FOR RACE.
Poughkeepsie, N. Y., June 19.—A stiff southeast wind swept up the Poughkeepsie course late this afternoon and little work was done by the oarsmen. The Pennsylvania crews who have been suffering with sore hands were much improved tonight. Wormsey, coxswain of the Columbia freshmen cut his foot badly with an axe this afternoon. His injury, however, will not keep him out of the boat in the races tomorrow.

PIRATES WIN IN EIGHTH INNING

With Two Out in Eighth, Voix and Wagner Scored on Wilson's Long Fly and Which was Muffed by Mann.

Pittsburgh, Pa., June 19.—With Pittsburgh runners on second and third and two out in the eighth inning today Mann, the Boston center-fielder muffed Wilson's long fly and Voix and Wagner scored. That muffed broke Pittsburgh's losing streak, the team winning by 5 to 4, after losing six straight games by one run.

Robinson who relieved Adams in the eighth, lost his grip in the ninth and in addition to hitting a man allowed two hits. One run had been scored and with runners on third and second and one out, Camnitz went in and retired the side.

Score: R. H. E.
Boston . . . 001 000 201—4 9 3
Pittsburgh . . 000 010 22—5 8 6
Batteries—Hess and Rariden; Adams, Robinson, Camnitz and Coleman.

WHAT KANSAS WOMEN ARE DOING.

Kansas City Star: The Kansas women are to be congratulated upon the work they have undertaken in the non-partisan education of the new citizens of that state.

The Equal Suffrage association, which won the fight for the women last year and obtained the ballot for women, has resolved itself into a new organization, the Kansas Good Citizenship league. A program committee of the new league has just outlined a plan of education for Kansas women.

The program as outlined includes a study of such questions as that of health and pure food; home economics and sanitation; public ownership of public utilities; work and duties of the public utilities commission; proposed amendments to the Kansas constitution; labor conditions (minimum wage and maximum hours); child labor; eleemosynary institutions (consideration of preventive measures); white slave traffic (causes and remedies); property rights of women; franchises; Kansas history; political parties and platforms and taxation, direct and indirect; the Kansas schools.

It is the purpose of the Kansas Good Citizenship league to educate the Kansas women for an intelligent use of the ballot, and for this purpose it is proposed to make the league as helpful to every woman who is interested as it is possible to make it, and to conduct the studies along non-partisan lines.

The women of Kansas seem determined to justify the vote of last fall that gave them the ballot. There is a world of encouragement in the league formed by the women.

OPEN GREAT HORSE SHOW.

Under Royal Patronage, International Exhibition is Started in London.

London, June 19.—Under royal patronage, and with a list of prizes and an array of entries never equaled at any previous exhibition of its kind given in London, the seventh International Horse Show was opened at the Olympia this afternoon and will be continued until July 1. The decorations of the big exhibition hall were so tasteful and gorgeous as to evoke exclamations of surprise and admiration from all the visitors. The main feature consisted of thousands and thousands of red roses clustering on gilded trellis work. The cost of the decorations exceeded \$50,000.

The show this year is of a more truly international character than ever before. No fewer than fifteen countries are represented. Both the United States and Canada are well represented. Judge Moore, always the strongest American competitor, has a grater string than usual. Other American exhibitors include E. T. Stotesbury, Edward B. McLean, Alfred G. Vanderbilt and J. Sumner Draper. The most prominent of the Canadian competitors are the Siftons and the Hon. Adam Beck. Miss Mona Dunn, the twelve year old Canadian girl, who has attracted attention at previous exhibitions, is on hand as usual.

The most coveted trophy of the show is the King Edward VII cup for jumping, open to international officers in teams of three. The French have won it twice, and if they succeed this year it will be their absolute property.

IMPRESSIVE FUNERAL SERVICES HELD FOR CAPT. PHILIP LEE

Last Rites At Grace Church Thursday Afternoon Largely Attended.

Impressive funeral services for Capt. Philip Lee were held at Grace M. E. church Thursday afternoon at 2 o'clock which were attended by a large assemblage which gathered to pay a last tribute of respect. Members of Illini lodge No. 4, I. O. O. F. were in attendance and there was a large representation of Matt Star Post, G. A. R. The services were in charge of Rev. J. W. Miller, pastor of Grace church, and Miss Shuff and Miss Hopper sang a number of hymns.

Interment was made in Diamond Grove cemetery and the bearers were: M. Helenthal, W. B. Rodgers, C. C. Capps, J. J. Reeve, Alexander Armstrong and Dr. H. C. Woltman. In speaking of the life of the deceased, Rev. Mr. Miller said in part: Captain Philip Lee was born in Dover, Del., Oct. 14, 1831. His father's name was Thomas Lee, when four years old the family moved to Springfield. When 21 years of age he came to Jacksonville. Mrs. Mary Henderson Lee died in 1891. He is survived by one daughter, Miss Ida Lee of Jacksonville who was with him through his last illness, and one sister, Mrs. Lydia Foster of Springfield.

He has been in poor health for several months, gradually growing weaker until the end, last Tuesday evening. Brother Lee was a soldier of the civil war. He served with great courage and honor to his country. Through all the trying experiences he was true to his religious convictions. Generally he led the singing of the camp when any kind of services were held. He was the leader of the music of the church and Sunday school until he went to the war and when he came home he took charge again and until age weakened that once fine voice so that he could not well lead he was the one always ready and willing to do this most important work of the church.

Often at the camp fires and gatherings of soldiers Capt. Lee was called out to sing or lead the singing the great war songs that stirred the hearts of the soldiers home sick and sad on the field of battle. Through a long life passing through trials, temptations as other men there is in this long life no cloud, no stain, Stern and some time severe righteousness characterizes his life. He maintained the soldier discipline of himself in his private life as he had in his military life. He was a member of the I. O. O. F. and here as everywhere entered into the deeper sentiments and spirit of the organization. In all things and in all relations Brother Lee ever conducted himself with propriety and modesty. Frequently through these months of sickness I visited him and always found him composed and

trustful. He never complained of his lot. He waited patiently as a good soldier for orders from the Great Captain. He was ready to march, ready to stay, ready to endure. Rarely do we find a life that more truly illustrates the final words of that great gospel soldier, Paul. I honor him, I would say to all men here lies a true soldier whether in war or peace. Service, willing service was the principle of his life. If ever a soldier was worthy to wear the crown and the honorable insignia, Brother Lee was worthy. Ere this he who holds all crowns in his hands and from whom all who are worthy receive their crowns has doubtless said to this old warrior of his country and his church, "Well done good and faithful servant, thou hast been faithful over a few things I will make thee ruler over many things, enter thou into the joy of thy Lord."

We are met today to pay our last rites of respect and affection to a soldier. Hard to appreciate the deep meaning of that statement as far off in the years contain the events through which he passed. They have been softened by time and their hardships enshrined in memory only. His was an honorable service. Because for great and worthy issues. How different many wars.

OPEN MEETING OF JUNIOR ETUDE CLUB

Musical Organization of Young Girls Gives Splendid Program in Music Hall at the Woman's College.

The Junior Etude club held their open meeting Thursday evening at 8 o'clock in Music hall at the Woman's college, a large number being in attendance. This is the third year of the organization and it was pleasing to note the advancement the girls have made in their music. Before the program was concluded Dr. Harker made a brief address, complimenting the musicians upon their successful program and prophesied that the girls would be the leaders in the musical life of Jacksonville in a few years. The meeting was called to order by the President Miss Zella Benson and the regular business session of the club was dispensed with and the musical program taken up. At the close of the meeting a vote of thanks was extended Dr. Harker for the use of the hall.

The following was the program: Duet—Polonaise Militaire in A major Mary Briggs.

GAVE STEREOPTICON LECTURE

At the regular meeting of Favorite lodge No. 269, M. P. L., Thursday evening W. G. Pavitt, of Decatur, lecturer and entertainer, gave a very interesting program. Mr. Pavitt showed some motion pictures stereopticon views and also gave a number of clever impersonations. The program was for the benefit of the order, and although the attendance was not so large on account of the hot weather, nevertheless there was a good number present and they thoroughly appreciated the program. Following the lecture dancing was enjoyed.

Rev. Hy S. Alkire attended the Epworth league convention in Greenfield yesterday.

TRANS-MISSISSIPPI GOLF ASSOCIATION TOURNAMENT

Best Playing of Tournament is Seen at Close of Match Between Limberg and Carr.

St. Louis, Mo., June 19.—Probably the best playing of the Trans-Mississippi Golf association's tournament which has been going on here since Monday was seen to day at the close of the match between Ed Limberg, of the Normandie Club, St. Louis and F. D. Carr of the Hyperion Club, Des Moines, Iowa, in the championship class.

Limberg missed a putt of 18 inches and Carr equalled the match of the 36th green and won at the 37th.

Carl Piepho, triple A, St. Louis defeated Ralph McKitterick of the St. Louis Club one up, R. S. Rider, Hyperion club Des Moines, defeated R. G. Harrison, Hyperion 3 up 2 to play; Stuart Stickney, St. Louis Country Club defeated his brother Arthur of the same club 1 up.

In the semi-finals for the president's cup, L. F. Cornelius defeated A. L. Broderick 1 up in 119 holes; J. P. Magee defeated O. M. Barnett 1 up.

Tomorrow Piepho plays Rider and Stickney plays Carr in the semi-finals for the championship.

NEED ADDITIONAL FUNDS.

Washington, June 19.—Secretary Garrison today asked the congressional military committee to guarantee an additional appropriation to take care of the union and confederate veterans at the fiftieth anniversary of the battle of Gettysburg next month. Those in charge of the celebration notified the secretary that 50,000 veterans would be there instead of 40,000 as at first anticipated.

TO STUDY MEDICINE.

Frank Garm Norbury, a former graduate of Illinois college and who received a degree in chemistry at the University of Illinois, will study medicine at Harvard next year.

MORTUARY

Smith.

Mrs. Grace Gertrude Smith of 239 Finley street, passed away at Our Savior's hospital Thursday afternoon at 2:05 o'clock.

Mrs. Smith was born in Canton, Ohio, May 2, 1873, and was a daughter of Mr. and Mrs. F. E. McLain. She was married to George Albert Smith at Hays, Kan., August 25, 1892 and they were the parents of one daughter, Irene Victoria Smith, who with the father survives. She is also survived by one brother, C. F. McLain of this city, and three sisters, Mrs. Dan A. Funn of Sedalia, Mo., Miss Katherine and Miss Alice McLain of Hays, Kan. The deceased had been a resident of Illinois for the past eighteen years and was a member of the First Baptist church. She was a woman of many admirable traits of character and was beloved by a wide circle of friends.

Funeral services will be held from the residence, 239 Finley street, Saturday morning at 10 o'clock in charge of Rev. W. L. Dorgan and interment will be made in Diamond Grove cemetery.

Crane.

Dr. W. W. Crane has received word of the death of his brother, Jonathan Mayo Crane, who passed away in Chicago Wednesday night from the effects of a stroke of apoplexy. For a great many years he had been in the employ of the Chicago Tribune and that paper in speaking of his death yesterday says: "Jonathan Mayo Crane, a Chicago newspaper man during nearly thirty years, died at St. Luke's hospital last night. He was stricken with apoplexy while at work at the telegraph copy desk of The Tribune Tuesday night and did not regain consciousness."

"He was born in Paris, Ill., on May 7, 1856. His father was the Rev. J. L. Crane, one of the pioneer Methodist ministers of Illinois, chaplain of Gen. Grant's regiment during the civil war and later postmaster at Springfield, Ill., by appointment of President Grant."

"There were five sons in the family and three of them were trained for the ministry. John was sent to the Garrett Biblical institute and graduated, but did not enter the ministry."

"He began newspaper work at Springfield on the Sangamon Monitor and the Illinois State Journal, but within a few years came to Chicago and was employed on the Daily Globe, the Chicago Times, the Chicago Chronicle, and The Tribune. He went to New York, was employed for a short time on the Commercial Advertiser, and then returned to The Tribune. He held executive positions during several periods."

"He is survived by his widow, a daughter, Miss Mercedes Crane, and a 1 year old son, Patrick Eugene. Two of his brothers, the Rev. Frank Crane and James Paul Crane, are residents of Chicago. Another brother, Dr. W. W. Crane, is a resident of Jacksonville, Ill., and a sister, Mrs. Frank H. Chilton, lives at East Boston, Mass. The Rev. Frank Crane is on the way to Chicago from New York, and funeral arrangements will not be completed until his arrival."

Rumrill.

George Edward Rumrill, a well known resident of Carrollton, died Wednesday at the age of 67 years. He is survived by his father, one brother, C. Salina, Kan., two sisters of St. Louis, his wife, three children, Mrs. Vedder, wife of Dr. N. D. Vedder of Carrollton; Robert, assistant postmaster of Carrollton, and Lloyd of St. Louis. The funeral will be held this morning.

Smith.

Robert Eugene Smith died at St. Luke's hospital in St. Louis Tuesday, at the age of 52 years. A wife and five children survive. For a great many years he was employed in the Roodhouse Eye and later held the same position on the Carrollton Patriot and from there went to Lincoln, Ill., as make-up on a daily newspaper there.

Nunes.

Manuel Nunes, aged 66 years, died at his home northeast of the city Thursday night at 9:55 o'clock. The deceased was born in the island of Madeira and came to this country with his parents, Domingo and Mary Nunes, when a small boy. He is survived by his wife and three sons, William of St. Louis, James G. and Hughie of this city. He was preceded in death by three brothers and one sister, Patricia and Sanders having passed away during the past six months. The deceased was a member of Northminster church and was admired by a host of friends.

Arrangements for the funeral will be announced later.

Freitag.

The funeral of Herman Freitag was held Thursday afternoon. Brief services were conducted at the house at 1 o'clock and more extended services at the German Lutheran church by Rev. Mr. Eberhardt of the German church of Arenzville.

There were many beautiful flowers and those were kindly cared for by Misses Elizabeth, and Ruth Coll, Jennie Freitag, Edward Coll and Samuel Freitag. The music was given by Mrs. Robert L. Stice who sang "Nach der Helmath" and "God of My Life," most impressively. Miss Cornelia Weigand was the accompanist.

Interment was made in Jacksonville cemetery and the bearers were Chris Helms, William Luken, Frank Pechloff, Philip Schultz, William Batz and John Gorman.

LARGE NUMBER OF LADIES HEAR MRS. MILLEN'S LECTURE.

Interest in the demonstrations of Burnett's extracts and fruit colors at Taylor's Grocery continues unabated. The Domestic Science Round Table came to the store Thursday afternoon, and listened with appreciative interest to the useful facts Mrs. Millett told them about food colorings, fancy cookery and desserts. The notebooks of information the ladies carried away will always be at hand to tell the best way to use the pure and standard products of the Joseph Burnett Co. of Boston. Burnett's fruit colors are for use in the most delicate desserts. Burnett's extracts have been used for years by the housewives of greatest skill. Burnett's vanilla, the oldest brand in the world, holds gold medals of excellence from eight great expositions. Come today, come Saturday, come both days, with notebook in hand and pencil sharpened. It will pay you well to know all Mrs. Millett can show you about these high class pure food products. If you can't come in the daytime don't forget the evening demonstrations.

AUTOMOBILE CLUB TO BE ORGANIZED TONIGHT

Meeting Will be Held in Court House at 8 O'clock—Many Interested in Project—Automobile Notes.

An automobile club is to be formed this evening at a meeting to be held at the court house at 8 o'clock. There has been a long felt want for such an organization among automobile owners and dealers in autos in Jacksonville and Morgan county. The purpose of the club will be to advance the interest of better roads for the state, to assist the people in observing the automobile laws of the state and to be a benefit to a country in a great many ways. A number of addresses will be heard by those interested in the club and it is expected that there will be a large number in attendance. The meeting is not for a few but is for anyone interested in such an organization for Morgan county.

Mrs. George Kulmann of Beards-town was in the city yesterday in her Flanders car. Mrs. Thomas Buckthorpe and Mrs. John R. Davis were in attendance at the Morrow reception in White Hall Wednesday. Mr. Buckthorpe took them down in his auto.

William Newman, Jr., took a party of men to Winchester yesterday in his Paige car to witness the races. Mrs. G. B. Andre and daughter Gladys attended the reception Wednesday given by Mrs. W. C. Morrow of White Hall. They made the trip in their Haynes automobile.

In Stacey Carghuff, secretary of the Firestone Auto Tire company of Akron, Ohio, was among the business callers in the city yesterday.

George Gregory of New Berlin was in the city Thursday in his Hudson auto.

Arthur Swain made the city a visit yesterday from Sinclair. He was in his White Gas.

W. A. Masters went to Winchester yesterday in his Humber to attend the races.
